FOUR LAKES GOLF CLUB

RE: Notice regarding water usage

In order to comply with our Southwest Florida Water Management District (SWFWMD) Water Use Permit, management of Four Lakes is required to ensure that residents are aware of how water rates associated with your water usage are calculated.

The current rate structure for water and sewer usage for Four Lakes is the following:

Base Water & Sewer (Per Month) \$22.22 Per Month

<u>Residential Quantity or Use</u> <u>(gallons per month)</u>	<u>Cost Per Month (Water & Sewer)</u>
For each 1,000 gallons up to 3,000 gallons	\$3.47 per thousand gallons
For each additional 1,000 gallons above 3,000 gallons	\$3.75 per thousand gallons (sewer capped at 8,000 gallons)

The average water usage per home in Four Lakes Golf Club totaled approximately 7,362 gallons per month. This figure was calculated using the most recent two year period of data collected from each home's water meter in Four Lakes Golf Club. Please compare your usage as detailed on your invoice with the average water usage mentioned previously.

If you have any questions regarding the Four Lakes Golf Club, water rates or other water conservation tips do not hesitate to contact us. We are continually striving to be as efficient as possible regarding such an important natural resource.
